FANTASTIC MATH GAMES

Does your child enjoy playing Math games at home or at school? Well, here's your chance to sign your child up for "Fantastic Math Games". Based on the first grade curriculum, we will play a variety of math games which will review the topics being covered by your child's teacher. Each time we meet, you will be asked to send in a fruit, vegetable, or dairy snack for your child to enjoy right after school. After getting our bodies refueled, we will introduce a few games to your child and then spend the rest of the time playing the games. You will get a copy of the games with instructions so that you may also play the games at home with your child. We hope to see your child at "Fantastic Math Games"!
