

Dear Parents/Guardians,

My name is Bethaney Mantineo, and I will be one of your child's teachers this year! I may have your child for math, language arts (alongside Mrs. Shannon Brace), and/or science (alongside Mr. Jeff Miller) depending on their personalized schedule! This will be my fourth school year teaching at Reading Fleming Intermediate School (RFIS). I obtained my bachelor's degree in K-6 Elementary Education along with my Teacher of Students with Disabilities (TOSD) endorsement from Centenary University in 2020. I grew up in Flemington and attended multiple schools within the Flemington-Raritan School District, including RFIS. I am so incredibly excited to continue my teaching career in the same community where my love for learning was fostered, and even more thrilled to have your child as one of my students! Outside of the classroom, I enjoy spending time with my friends, family, and three crazy dogs. I love to hike, kayak, camp, and spend time in nature when time allows!

As an educator, I believe it is important to continually, and conscientiously, work to incorporate many different topics into the classroom and to address the unique learning styles and abilities of every student. I understand that every individual is on a unique journey and has their own way of learning and growing! This is one reason it was so important for me to receive my TOSD along with my General Education degree. My goals for this school year are to be a consistent and positive presence in your child's educational journey and to make our classroom(s) a happy place to learn, grow, and succeed!

Communication is key! Please feel free to contact me with any questions/concerns or to provide me with any information you believe I should know about your child.

Sincerely,

Ms. Bethaney Mantineo
