

Hunterdon County
Safe Routes to School

WALK TO SCHOOL DAY!

WEDNESDAY OCTOBER 19TH

Rain Date: Thursday October 20th

Barley Sheaf Elementary School is proud to participate in the "Hunterdon County Safe Routes to School Program," which encourages and educates our students on walking to school safely. International Walk to School Month provides opportunities to reinforce the goals of the program- "Where it is safe, get kids walking and rolling; where it is not safe, make it safe."

On Wednesday, October 19, 2022, Barley Sheaf Elementary School will participate in IWALK 2022. This year's IWALK theme centers around being part of a team. By walking to school, you are an all-star for the environment and your overall health, because of this students are encouraged to walk to school wearing their favorite sports teams colors on Wednesday!

***Live too far from the school to walk...Consider dropping off your student at a closer location and walk the rest of the way!**

International Walk to School Day serves as the first of many walk to school days this year at Barley Sheaf Elementary School.

****More information about routes to school will be coming next week!****
