Dear Parent/Guardian,

Attached you will find the flu form that must be completed for all children six months through 59 months. All preschool students under 5 years old must have an annual dose of the seasonal influenza (flu) vaccine between September 1st and December 31st of each school year. It is highly recommended you contact your doctor as soon as possible due to possible limited availability of the vaccine. Any preschool student that does not have a flu vaccine will not be able to return in January.

If your child is currently 5 years old or turning 5 years old PRIOR to December 31st it is STRONGLY recommended they receive the vaccine. A copy of the form to be completed is attached. Please return the form with a written note if your child will not be getting the flu vaccine.

If you are in need of financial assistance, please contact the Hunterdon County Childhood Vaccine Program at 908-806-4570. To find flu shot go to:

Queridos padres/guardianes:

Esta carta es para informarle que recientemente el departamento de Salud de Nueva Jersey y los Servicios de Adultos han revisado los requisitos para las vacunas. A partir del mes de Septiembre del 2009, todos los alumnos de edad pre-escolar deben tener la dosis anual de la vacuna de Influenza, dada entre el 1 de Septiembre y el 31 de Diciembre de cada año escolar. Por favor tome nota de estas fechas, igualmente les enviaremos una nota recordatoria. Si algún alumno preescolar no tiene la vacuna contra la influenza (flu vaccine) entre Septiembre y Diciembre no le será permitido asistir a clases a partir del mes de Enero.

Si necesita ayuda financiera, comuníquese con el programa de vacunas infantiles del condado de Hunterdon (Hunterdon County Childhood Vaccine Program) al 908-806-4570. Para encontrar la vacuna contra la gripe, vaya a:
