WHAT WE LEARNED

We packed a lot of learning into 3 weeks! Kindergarten worked on distinguishing between fiction and nonfiction books, as well as writing about reading. First grade had a blast reading the Bruce series by Ryan T. Higgins. Second grade is learning about how the library is organized and how to use call numbers. Third grade is reading and discussing nonfiction and databases. Fourth grade had a book tasting, discussed figurative language as a way to spice up their writing and discussed family traditions!
