- ♥ How: <https://www.redcrossblood.org/give.html/drive-results?zipSponsor=CopperHillMW>

The Copper Hill School Community is rallying for one of our former students. Megan Weingarten is a 12- year old battling Myelodysplastic Syndrome (MDS-EB) with Monosomy 7, a blood cancer similar to Leukemia. It is extremely rare for pediatric patients receive this diagnosis between 1-4 children out of every million.

In just over a month, Megan has needed over a dozen blood transfusions and has many, many more to come. There are so many others like Megan, so your blood donation is needed. Give the gift of life and donate a “Pint of Love” in honor of our girl!! Please help us reach our goal of 80 pints!!! Sign up today!!! (appointments are necessary)
