

Reading Fleming Intermediate School's Bench Campaign

The RFIS student council welcomes local businesses and families to sponsor a blue recycled plastic bench which will be placed around the school's walking path.

Made from recycled plastic caps and lids, each bench includes a back and will be 8 feet long which seats 4 people comfortably. Each sponsorship also includes delivery, anchors, and a small plaque to recognize the sponsor.

Benches are \$650 each

If you are interested in sponsoring a bench as a family, business or team, for example, please complete the below form and return it to RFIS before Thanksgiving 2023. Checks can be made payable to *RFIS Student Activities*

The student council has been collecting plastic caps and lids for two years as part of a sustainability initiative. They now have enough caps and lids to make 6 backless benches for a new outdoor classroom adjacent to the pollinator garden. The student council is leading a Coin War right now to raise the needed funds to transform their cap collection into the benches!

Family or Business Name _____

Contact Person's Name _____ **Cell** _____

Contact Person's Email _____

What would you like written on the plaque?

Please return your payment and this completed form by Thanksgiving 2023.

Questions? Please email Lisa Coster, Student Council Co-Advisor at lisa.coster@frsd.us

Thank you for supporting this student driven initiative!
